Transmission_cde_a_GKD - Transmission cde à GKD Application : Façade Localisation : Outdoor Architect : Duverney Ingenierie Place : Treffort Cuisiat Atradius inquiry NO (If I'm not mistaken a proforma has been sent for the 1rst part of this order, thus if you confirm the customer is stil not insured, please send me the corresponding proforma invoice) Delivery date 26.06.2017 A first order has been placed and here is a complementary order. Some of the panels will be installed right below or above the existing panels (see the attached customer's drawing). Thus GKD will have to supply specific pieces (see enclosed handskech from Nicolas) to realise this junction bewteen old and new panels. I'va asked the customer to send a more detailed drawing and will forward to you to establish our manufacturing drawings. The new panels will have at one edge Fusio NG and at the other edge Fusio flat with the specific pieces. I hope these explanations are clear enough so you get a general picture of what has to be done. A discount of 125.50€ to make the order amount 16.000€ has been validated by Nicolas	0%	0,00	1		0,00
